Like what you see but you need more? Entrance Features, Registration Desks, Networking Lounges, Bars and Event Activations. We've got you covered!

Committed to sustainable event practices

1 Zero waste fascias. Made from paper or cardboard, our fascias are 100% recyclable. This initiative saving *160 cubic metres of landfill annually.

2 Our eco-friendly fabric signage is made using recycled plastic bottles. This year alone, *300,000 plastic bottles will be saved from waste and given a new life.

3 Choose us as your supplier and we will plant at least one tree for every exhibition booth we build. In the past year we have planted over 2600 trees for our clients.

Talk to us today about how you can reduce the carbon footprint of your next event with our **'Trees for Displays'** program.

let us be
sustainable
for you
